## DEAR TAHOE FUND FRIENDS,

**WE PROUDLY PRESENT** to you our FY 2020/21 Tahoe Fund Annual Report. We have a lot to celebrate, as even during these uncertain times, our portfolio of environmental improvement projects has continued to grow alongside the support from our donors and partners.

In 2010, a dedicated group of Tahoe leaders came together to start the Tahoe Fund. Their goal was to inspire the private community to support important environmental improvement projects. And now, eleven years later, we have a portfolio of more than 60 projects and have helped secure more than \$50M in public funding.

Even in the face of this past year's uncertainty, we remained committed to our mission to improve the Lake Tahoe environment for all to enjoy. With the support of our generous donors, we funded projects focused on the goals of our new strategic plan: improving Lake clarity, expanding sustainable recreation, increasing the pace and scale of forest restoration, finding solutions to transportation issues, and building life-long stewards of Tahoe. In this last fiscal year, amidst the pandemic, we granted out \$1 million to 32 different projects.

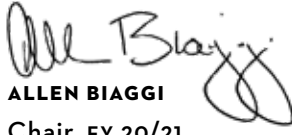

But we didn't do it alone. We know that collaboration is the key to progress. Together we were able to accomplish so much more thanks to the dedication and work of our

partners. We are so grateful to work together with more than 20 agencies and organizations as well as the 50 partners in the Take Care Tahoe program.

This year, we contributed to more projects than we did in our first five years combined. The increase in the pace and scale of our work happened because of you. You never wavered with your continued and generous support in the years leading up to this, and especially during these very strange times. For this, we are beyond grateful.

As we look back on the last year, we can't help but think about what comes next. If we were able to accomplish this much in our first decade, we know with your continued support we will be able to do even more great work into the future. Thank you for showing us the true power of philanthropy.

Together, we are creating a legacy.

  
**ALLEN BIAGGI**  
Chair, FY 20/21

  
**AMY BERRY**  
CEO

# FIVE YEAR STRATEGIC PLAN

Thanks to the wonderful support of our donors, and great partnerships with the public agencies, we accomplished more than we ever expected to in our first 10 years. With an eye toward the next 10 years, we developed a new Strategic

Plan that we feel will allow us to expand our impact and help us live out our new mission to use the power of philanthropy to improve the Lake Tahoe environment for all to enjoy.

## Vision

The Tahoe Fund envisions a Lake Tahoe where the natural and human environments are in balance and a growing community of passionate supporters enjoy and cherish this mountain treasure.

## Mission Statement

To use the power of philanthropy to improve the Lake Tahoe environment for all to enjoy.

## Values

INNOVATION

COLLABORATION

STEWARDSHIP

SUSTAINABILITY

LEADERSHIP

INSPIRATION

## What We Do

The Tahoe Fund is the first and only nonprofit dedicated to supporting environmental projects in the region. The Tahoe Fund plays many roles in the Tahoe Basin, in collaboration with local, State, Federal partners and others: convener, catalyst, funder, advocate and spokesperson.

**WE FUND** environmental enhancement projects through private donations.

**WE CONVENE** key stakeholders to facilitate dialogue and problem solving. We add value by being neutral, inclusive and innovative.

**WE ARE A CATALYST** for Basin-wide projects and early efforts when there is a need to assist and build momentum. We are sometimes in a visible leadership position, but more often than not, we provide the support needed to bring projects to fruition.

**WE ADVOCATE** for public funding and strategic policy changes which advance our mission and the goals in this plan.

**WE BUILD** awareness for the stewardship and care of the Tahoe Basin with residents and visitors.

## Strategic Goals

To fulfill this vision, the Tahoe Fund has identified the following organization goals to be implemented with Basin Agencies and Partners:

### GOAL 1

#### FOREST HEALTH

Drive innovative solutions to increase the pace and scale of forest restoration.

### GOAL 2

#### LAKE CLARITY WATER QUALITY LAKE HEALTH

Utilize our unique strengths to complement and support key stakeholders' efforts to improve lake clarity, water quality, and lake health.

### GOAL 3

#### SUSTAINABLE RECREATION

Be a catalyst for sustainable outdoor recreation that will improve quality of experience and equity of access, while minimizing impacts on natural resources in Tahoe.

### GOAL 4

#### STEWARDSHIP

Inspire more people to take care of Tahoe.

### GOAL 5

#### TRANSPORTATION

Contribute innovative solutions to current and future transportation efforts.

### GOAL 6

#### SUCCESSFUL ORGANIZATION

Build the human and financial resources to make our vision a reality.

# 2020/21 BOARD OF DIRECTORS

**ALLEN BIAGGI, *Chair***

Former Director of Nevada Conservation and Natural Resources

**CORY RITCHIE, *Vice Chair***

CEO of the Ritchie Family; Volunteer and Philanthropist in the areas of Conservation, Education & Youth Sports; Hardie Family Council

# FY 2020-21 PROJECT PORTFOLIO

## FOREST HEALTH

### SIGNATURE PROJECT

#### Acoustic Owl Monitoring

Partner: US Forest Service  
Total Project Cost: \$70,000  
Funds Granted: \$30,000

We partnered with the US Forest Service to support a new acoustic monitoring protocol and system to more effectively determine the value of habitat and the occurrence of the California Spotted Owl in project areas. Through a pilot project, the Forest Service is deploying automated recording devices to determine if they can more efficiently detect individual owls and thereby shorten the existing process from two years to one year.

#### Sugar Pine Plantings

We supported the Sugar Pine Foundation's efforts to plant 10,000 seedlings across the Tahoe Basin.

## STEWARDSHIP

### SIGNATURE PROJECT

#### Take Care Tahoe

We partnered with more than 50 organizations around the region to expand the Take Care campaign to support COVID specific messaging and launch a Backcountry Safety Awareness Week.

#### Adventure Risk Challenge

We were honored to help support the efforts of ARC to engage high school students in outdoor education opportunities and leadership development.

#### Basin Bike Racks

We partnered once again with the Lake Tahoe Bicycle Coalition to place bike racks at town centers around Tahoe to encourage more people to bike instead of drive their cars.

#### Bike Coalition Map and Safety

We partnered with the Bike Coalition to improve the safety of bikers through a pilot of trail ambassadors, new bike maps, and bike safety items like lights and bells.

#### Clean Tahoe

We funded Clean Tahoe to do extra clean ups of the Spooner Sled Hill and the East Shore parking areas to try to manage the overflow of visitors at a time when land managers had fewer resources.

#### Generation Green

While COVID forced the Forest Service to cancel this traditional summer-work program for local high school kids, we were able to support a smaller scale virtual version to keep high school students engaged in learning about land management.

#### Peregrine Falcons

We helped fund a wonderful collaboration between the Tahoe Institute for Natural Sciences, Tahoe Rim Trail and the TRPA to help protect peregrine falcon fledglings on a popular section of trail in South Lake Tahoe.

#### SOS Outreach

We provided support for SOS Outreach to expand their capacity to expand their program to get underserved youth out skiing and riding combined with community service and social and emotional learning skills.

#### South Tahoe Stewardship Rangers

We provided funding to this pilot program that will launch this summer to help manage the crowds at hot spot recreation sites in South Lake Tahoe in partnership with the Lake Tahoe Unified School District and the Sierra Nevada Alliance. Local bilingual youth will be employed as Junior Rangers to help provide educational information to visitors.

#### UC Davis State of the Lake Report

We continued to support this annual report from the UC Davis Tahoe Environmental Research Center that tracks short and long-term clarity trends in Lake Tahoe.

#### Tahoe In Depth

We continued our support of this important environmental newspaper that is published by the TRPA.

#### TRT Taskforce Trailhead

We provided funding for this new pilot program to put ambassadors at busy Tahoe Rim Trail (TRT) trailheads around the Basin to help with the increase in trail users.

#### Taylor Creek Visitor Center Interpretive Trail Improvements

We provided funding to help update the interpretive panels along the Rainbow Trail and to develop a digital Spanish language audio tour for Spanish speaking visitors.

## SUSTAINABLE RECREATION /TRANSPORTATION

### SIGNATURE PROJECT **Spooner Lake Amphitheater**

Partners: Nevada State Parks, Nevada State Lands, Nevada Tahoe Resource Team, Tahoe Transportation District  
Total Project Cost: \$3,298,113  
Funds Raised: \$300,000

Our \$300,000 grant helped to secure more than \$2 million in public funds for the construction of the new Spooner Lake Visitor Center and Amphitheater. Spooner Lake is an incredibly popular destination that serves 150,000 visitors annually.

### **Desolation Wilderness**

We provided the Tahoe Rim Trail with funding to support their multi-year restoration of a 12-mile segment of the Tahoe Rim Trail through Desolation Wilderness.

### **Dollar Creek Bike Path**

We provided funding to Placer County for new benches, picnic tables, interpretive panels and kiosks along the new Dollar Creek Bike Path.

### **East Shore Trail**

We continue to support the wonderful new East Shore Trail. This summer we added more than 20 new interpretive signs and kiosks to help educate users of the trail.

### **Hasty Search & Rescue**

We supported the efforts of the Washoe County Hasty Search & Rescue team to keep people safe in response to the increased use of the backcountry in summer and winter.

### **Incline Flume Trail**

We supported the development of new interpretive panels and kiosks that will be installed this summer to help educate users on the history of the trail and to provide wayfinding information for safety.

### **Lily Lake Trail**

Work was finally completed on this new section of trail that connects backcountry trails around Angora Ridge in partnership with TAMBA and the US Forest Service.

### **Lost Lake Trail & General Creek Trail Restoration**

During the summer our partners at TAMBA completed some much needed trail maintenance on the Lost Lake Trail and General Creek Trail on the West Shore of Tahoe.

### **South Lake Tahoe Middle School and Boys & Girls Club Bikes**

After purchasing 40 new bikes for youth in South Lake Tahoe, we helped ensure their sustainability by funding annual maintenance of the new bikes.

## Tahoe Nordic Search & Rescue

We provided grant funds to help the Tahoe Nordic Search & Rescue organization purchase new radios to keep their team in contact while out on rescue missions.

## Upper Tyrolian Trail Reconstruction

We funded efforts by TAMBA and the Forest Service to reconstruct a trail that leads from the Tahoe Meadows down to the popular Tyrolian Downhill Trail. The new trail design will reduce erosion and prevent illegal trail building nearby.

## UC Davis Lake Monitoring

UC Davis has a series of sensors on Lake Tahoe that monitor wave height, water temperature and other metrics. We provided funding to make this information available on a website for the public to use as they prepare their on-the-water activities.

## LAKE CLARITY

### SIGNATURE PROJECT

### Clean Up The Lake

Partners: Clean Up The Lake, Tahoe Blue Vodka, Vail Resorts & Epic Promise, Nevada Division of State Lands  
Total Project Cost: \$225,000  
Funds Raised: \$200,000+

Thanks to a matching donation from Tahoe Blue Vodka and great support from Vail Resorts, we were able to raise the funds needed for our partners at Clean Up The Lake to do a 72-mile underwater Scuba clean up of the Lake.

## Electric Boat Charging

We partnered with Homewood High & Dry Marina to install what we hope will be the first of many electric boat charging stations on Lake Tahoe.

## Upper Truckee River

We are committed to the restoration of the Upper Truckee River, recognizing that it is the Basin's most impaired watershed. We provided funding for the Tahoe Resource Conservation District and California State Parks to do the environmental planning work and we were happy to help support new interpretive panels in the meadow that will help educate visitors to the area on the fragility of the environment.

24th Annual · 1st Virtual Summit

# LAKE TAHOE SUMMIT

AUGUST 25, 2020

HOSTED VIRTUALLY BY  
U.S. SENATOR CATHERINE CORTEZ MASTO

## VIRTUAL SUMMIT

**THE TAHOE FUND** helped organize the first ever virtual Lake Tahoe Summit with host US Senator Catherine Cortez Masto. More than 1,000 people tuned in to hear from state and federal leaders

of California and Nevada, as well as a special keynote from Olympic Gold Medalist, David Wise.

## \$1 FOR TAHOE

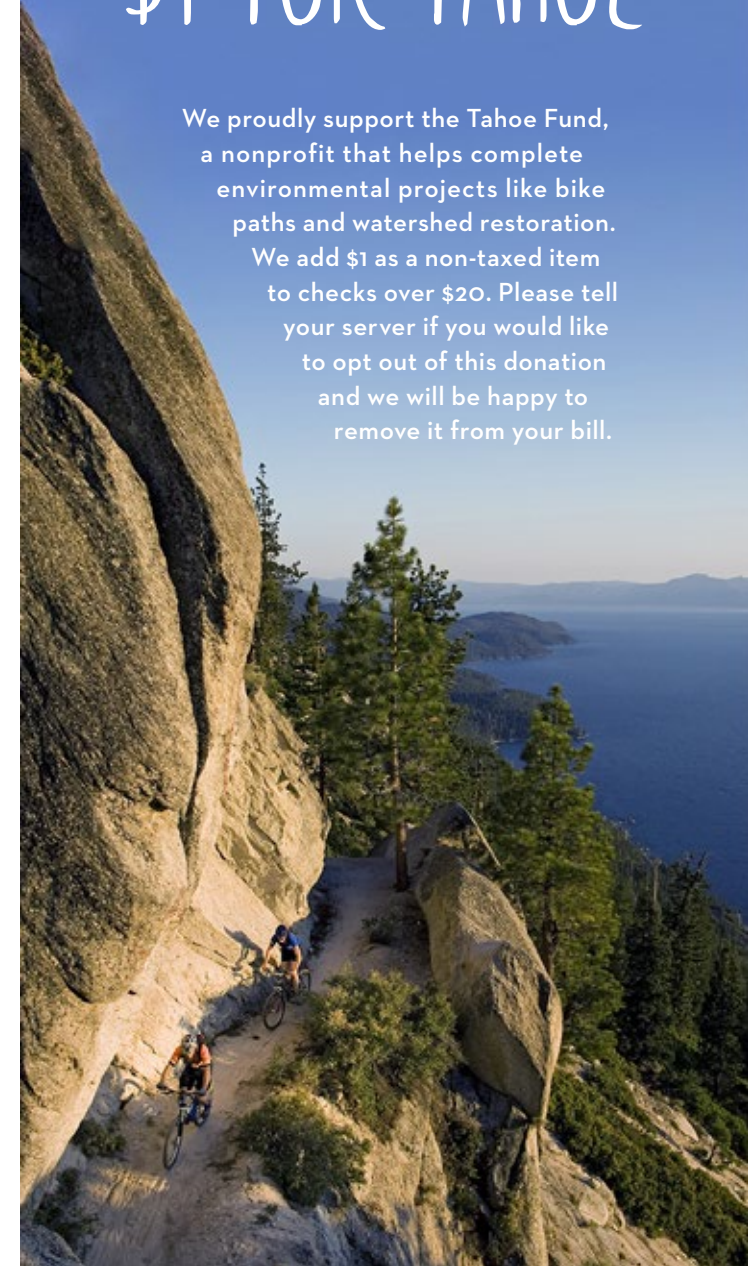

**LAUNCHED AS A PARTNERSHIP** between the Tahoe Fund and the Truckee River Watershed Council, Green Bucks is a dollar donation program that allows guests to help raise funds for the local environment.

### THANK YOU TO THESE INCREDIBLE GREEN BUCKS BUSINESSES:

The mission of the Tahoe Fund is to use the power of philanthropy to improve the Lake Tahoe environment for all to enjoy. In the past ten years, our generous donors have supported over 40 environmental projects and helped to secure more than \$50 million in public funding. None of this would be possible without the passion and commitment of our partners. They work tirelessly to improve the Lake Tahoe environment for all of us to enjoy. To all of the individuals who proudly represent these organizations, we say thank you.

## FINANCIALS

**THE TAHOE FUND** saw strong growth in our Balance Sheet thanks to an increase in donations and the strong performance of our investments held at the Parasol Tahoe Community Foundation. The Tahoe Fund Endowment and the Operating Reserves are now in excess of \$1 million each, supporting the sustainability of our organization. The long-term

maintenance fund for the East Shore Trail grew to nearly \$1 million. The new Tahoe Trails Endowment grew to more than half a million dollars with investments and donations.

The Tahoe Fund granted \$1 million to 32 different projects in this fiscal year.

	2021			2020
